

Workshops for Schools: Exploring British Values

World Jungle Creative workshops can be used to **inspire, motivate, celebrate and educate**; kick start new projects or celebrate the end of others. Our experienced creative practitioners bring energy, enthusiasm and talent into your organisation, delivering **unique experiences** with energy, passion and colour. With over **10 years' experience** of providing **workshops for schools** and specialist **training for school staff**, we know what works well and specialise in making all our activities inclusive, actively engaging children of all ages and abilities, whilst ensuring we help schools **meet their requirements** and **evidence learning**.

World Jungle delivers:

- **Staff training** on how to embed British values and support the successful delivery of the SMSC curriculum.
- **Workshops for children and young people** across the Key Stages on the four fundamental British values identified as key by the Department for Education and Ofsted.

By promoting fundamental British values the following will be developed:

- *An understanding of how citizens can influence decision-making through the democratic process.*
- *An appreciation that living under the rule of law protects individual citizens and is essential for their wellbeing and safety.*
- *An understanding that the freedom to choose and hold other faiths and beliefs is protected in law.*
- *An acceptance that other people having different faiths or beliefs to oneself (or having none) should be accepted and tolerated, and should not be the cause of prejudicial or discriminatory behaviour.*

Exploring British Values through Creativity and the Arts (EBVCA)

This programme of workshops explores a plethora of British values through creative arts. We incorporate a **mix of games, dance, storytelling, drama and arts** to bring the topic to life for your students, inspiring thought, change and positive action. Workshop topics include:

- Individual Liberty
- Respect and Tolerance
- Equality and dealing with discrimination
- Democracy

The programme is flexible and can be adapted to meet your specific requirements, whether you are looking to run a single workshop or a series of sessions to last over a week or a term etc.
