

Learning and Play Outdoors

World Jungle Creative Schools Programme

Explore the 'Outdoor Classroom' through a range of creative and fun activities to inspire children to connect with nature and enjoy the natural world around us.

We can bring a range of natural play and learning activities to your school or group delivered as either single sessions (suitable for individual classes or afterschool club activities) or full and half day programmes (working with groups across the whole school). We deliver a range of programmes targeted across the learning spectrum from pre-school/early years to primary and secondary schools. We also offer specialist training for teachers, playworkers and support staff around Children's Learning and Play in the Natural Environment. For more information, please email: info@worldjungle.org.uk

Wild Play and Bushcraft

World Jungle's natural learning and play programme aims to engage children to appreciate the world around us whilst also learning how to protect the environment for future generations. Choose from a range of activities and natural crafts aimed at getting children closer to nature including:

- *Outdoor Cooking*
- *Fire Lighting*
- *Mini-Den building*
- *Sensory Games*
- *Slack-lining*
- *Camouflage & Concealment*
- *Mud Painting*
- *Leaf Crowns*
- *Making Blobsters (clay creatures)*
- *Rock Art*

Pricing Structure Guide: Individual activities from £75 per hour. Half-day programme from £200. Full-day programme from £360. Prices subject to variation - plus travel costs and materials if required.

School Trips and Group Visits

Enjoy a **full-day outdoor experience** with World Jungle at Breakheart Quarry in the hills above Dursley, Gloucestershire. Discover this unique environment which is recognised as being regionally important for its geology, ancient woodlands and supporting a number of rare species including the dormouse. Participants will be able to explore the variety of habitats and wildlife, enjoy taking part in natural learning and play activities whilst also learning how to protect the environment for future generations.

The day can be adapted to suit the age and learning objectives of your group. Please contact us for details and pricing structure.

Staff Training Programme

We have delivered training to hundreds of teaching staff, play workers, childminders and nursery workers including for Devon County Council, Surrey County Council, Somerset Play Forum, South West Play Celebration, Barnardo's, individual play settings and schools. Prices for staff training start from £200.

Children's Learning and Play in the natural environment

In this training we explore the many issues around children's learning and play in the natural environment and how we can connect children with nature and inspire them to enjoy the world around us. It aims to develop staff confidence working with children outdoors, offering lots of practical ideas and activities to use in your own sessions including many fun games, shelter building, fire lighting and outdoor cooking. Issues around risk management and health & safety will also be covered.

Why choose World Jungle?

Our workshops deliver **real outcomes** and aim to:

- Encourage respect and understanding of other cultures and our natural environment.
- Develop skills in communication, resilience, perseverance and teamwork whilst encouraging creativity, imagination and healthy behaviours.
- Give children a unique experience that they will remember for the rest of their lives.
- Enthuse children about their world and the opportunities that exist.
- Support schools in their delivery of the National Curriculum.

"Thank you so much for visiting our school today. The children in both sessions totally loved every minute of it. You seem to have endless energy and a true passion for what you teach." (Stoke Lodge Primary School)

"We all loved the training, it was so fun and we got a lot from it. It met all of our needs and more. The two workshop leaders were brilliant!" (Ashton Gate Out of School Care)

About World Jungle

World Jungle is an award-winning organisation that believes in **sharing the very best that our world has to offer**. We design and deliver training and workshops to inspire, motivate, educate and celebrate. All our staff have a current DBS and we have insurance and experience of dynamic risk assessments.
